

Annual Operational Plan 2026

Rail Maintenance Department · Asset Performance Plan Transition

VERSION 0.1

INTERNAL WORKING BASELINE

LAST UPDATED: 19 MAY 2026

الخطة التشغيلية السنوية 2026

إدارة صيانة القطارات · التحول إلى خطة أداء الأصول

Executive Summary

Plan purpose, V0.1 scope and required decisions

Plan Purpose. The plan establishes a unified operating framework for safety, asset performance, projects, contracts, budget, resources, risks, and digital transformation. Version 0.1 uses available data and clearly identifies data gaps to be completed before Version 1.0.

هدف الخطة. تهدف الخطة إلى توحيد إطار العمل التشغيلي لمحاور السلامة، أداء الأصول، المشاريع، العقود، الميزانية، الموارد، المخاطر، والتحول الرقمي. يعتمد الإصدار 0.1 على البيانات المتوفرة حالياً، مع تحديد فجوات البيانات المطلوب استكمالها قبل إصدار النسخة 1.0.

WHAT IS CONFIRMED

- Plan structure across 8 operational pillars
- 30 projects portfolio · AED 406.37M total value
- Approved 2026 budget envelope AED 121.92M
- 10 executive KPI definitions and targets
- Risk register with controls and ownership
- Digital transformation initiatives and timeline

WHAT IS PENDING

- Operational KPI baseline values (Maximo extraction)
- MTTR / MTBF by system and asset class
- Validated contractor KPI scores
- Actual spending and commitments alignment
- Critical spares register and minimum stock levels
- Failure taxonomy and reliability baseline

VERSION 0.1 SCOPE

- Internal working baseline only — not for external publication
- Single source for Director and Executive review
- Transition framework towards Asset Performance Plan
- Identifies governance, owners and data gaps
- Foundation for V1.0 with validated operational data

KEY DECISIONS REQUIRED

- Endorse V0.1 as the internal working baseline
- Approve 10 KPI monthly executive dashboard
- Assign data owners for V1.0 completion
- Approve Asset Performance Plan transition
- Establish Reliability and RCA Board (monthly)
- Establish Digital Maintenance Steering Review (quarterly)
